

Handloom Production Center: (HPC) (Total 20 Production Centers)

The aim of the Handloom Production Centre is to produce decorative and value added quality fabrics under a common weaving shed each having about 40 to 50 looms attached with other improved appliances like draw boy, jacquard, take up and let off mechanism with common facility services. The weavers are to work at these centers under the supervision of technical persons and get wages against their products. There are 20 Handloom Production Centers presently functioning in different parts of the State. Lack of working capital etc. has, of late, staggered production level of the Handloom Production Centers.
